Career Cruising
Major Clarity ≠ a Post-Secondary Advisement Plan
Components to the Post-Secondary Advisement Plan

District/Charter Component
And
Student Component
Plans include:

• **Specific types of activities and supports to help every student grades 8-12th to prepare and plan for post-secondary transition**

• **Specific performance measures for determining successful implementation**
Every student:

- Minimally starting in 8th grade will have certain opportunities to prepare them for their post-secondary transition
Plans for Post-Secondary Advisement Plan

Should identify the:

- supports and
- opportunities

provided to all students to help them graduate with a clear understanding of their next steps for education and career.
Required Criteria for PSP

A. Opportunities to learn about career and industry trends and earning potential

B. Opportunities that allow students to identify their strengths and interests connected to careers

C. Opportunities that allow students to identify educational and financial requirements related to potential career interests

D. Opportunities that allow students to define post-secondary goals based on identified career interests and to review and refine those goals on a regular-basis

E. By 12th Grade, students will be prepared to complete the necessary steps to transition to the next phase of their career plan.

Performance Measures

Setting performance measures and comparing baseline data with benchmarks will help districts/charter schools to know if they have accomplished the goal of providing opportunities for students.

Consider performance measures on several levels:

**Interim:**
- Individual activity
- Student group impact

**Long Term:**
- Cohort impact
