The University of Delaware offers 150+ majors across ten colleges and schools. UD was the first institution to offer study abroad and now offers over 100 programs to over 40 countries.

The University of Delaware also offers the Associate in Arts Program (AAP), where students can earn their two-year associate's degree. Students in this program may be eligible for the SEED scholarship, which may cover tuition for eligible students. After earning their associate in arts degree, most students then choose to transition to UD's Newark campus to pursue their four-year bachelor's degree. See UD fee waiver PDF for instructions: [https://delawarestudentsuccess.org/CAM](https://delawarestudentsuccess.org/CAM)

**Application Deadline**
January 15

**FAFSA Recommended Deadline**

FAFSA Code: 001431

For more information, visit [www.udel.edu](http://www.udel.edu).
Application Reminders:

- Complete personal essay
- Submit the Self-Reported Academic Record (SRAR)
- Submit the intended major (first and second choice).
- Indicate if interested in applying to the Honors Program.
- Submit a high school counselor school report; letter of recommendation optional
- Submit standardized test scores or note on your application that you would like to participate in the Test Optional Program.
  - Those who wish to supply scores can self-report their SAT or ACT scores. If you would like to submit official scores, use SAT code 5811 or the ACT code 0634. Students who choose not to submit test scores have the option to submit additional information after applying.

University of Delaware’s Test Optional Program:

All students applying to UD may choose whether to submit their SAT or ACT scores as a part of their application.

UD recommends students submit their SAT or ACT scores if they believe they show their academic potential. Students who decide not to provide test scores have the option to complete a supplemental writing prompt. Any additional evidence of academic skills in areas related to your intended major, particularly if it is math and science intensive, will be important for you to provide. Such evidence may include scores on AP examinations, SAT Subject Tests, or other indications of your interest and ability to succeed in a challenging academic environment.
