

**1,656**  
registered  
apprenticeships  
in Delaware.

### What Is an Apprenticeship?

Apprenticeships are employer-driven programs that combine on-the-job learning and classroom instruction to ensure that individuals are equipped with valuable skills and earn high wages.

### The Benefits of an Apprenticeship

Apprenticeship programs are often completed in four years.

#### WHY YOU SHOULD ENROLL:

##### MENTORING

Apprentices learn from skilled professionals in their field.

##### NATIONAL CREDENTIAL

Graduates receive a industry-recognized National Credential upon graduating.

##### TUITION-FREE EDUCATION

Apprenticeships are paid programs that ultimately result in full-time employment.

Apprenticeship programs offer classroom instruction and often college credits with no or minimal student debt.
